

# NO ELECTION OF SENATOR IS MADE YET

Hatten Lacked But Two Votes Last Night In  
The Caucus And Led at Joint Ballot.  
Held Today With 53 Votes---67  
Needed to Elect

## NOVEL PLAN FOR THE FRANCHISES

Suggested That They Be Granted University--Residence  
Option Bill Will Pass--No Appropriation For  
Yukon Fair.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., May 16.—It is felt on every hand that tonight's republican caucus will end the long, drawn-out senatorial fight. The withdrawal of Esch at the eleventh hour yesterday, the combination of the Esch and Hatten forces, would have resulted in the nomination of Hatten, but for the fact Lt. Governor Connor took a hand in the controversy and kept two of Hatten's men from voting. Hatten needed four votes on the last ballot last night and Stephenson eight to secure the requisite fifty-two which will nominate in republican caucus. It is thought that one of the two will secure the requisite number before the meeting tonight. If they do tomorrow's joint ballot will be merely a ratification of the election.

**Feeling Strong**  
The feeling is intensely bitter. Esch's withdrawal in the face of the repeated denial that he was in to the finish has caused consternation in Stephenson's camp. He is using all his strength to secure the requisite number for nomination and the Hatten men are doing all in their power to prevent him. The extreme radicals are now practically all lined up for the Hatten man, while the more moderate and conservative element back the New London statesman. Which ever is chosen it will make a breach that will be hard to close. Should Hatten be elected it is certain he will be a candidate for re-election under the primary and this would mean that Lenroot's chances go glimmering.

**All Sorts of Talk**  
All sorts of talk is being heard. It is said that the reason why Stephenson is not receiving some of the conservative support he expected is owing to a supposed deal whereby Lenroot was to withdraw and Stephenson be named and then help Lenroot at the primaries. Cooper's retirement is said to have embittered

him and his closest followers and this has played another factor against Stephenson. The result tonight is most earnestly watched.

**Today's Action**  
It was thought possible early this morning that the democrats might break for their candidates and vote for either Stephenson or Hatten in the joint ballot, thus ending the fight. A few left the Bird stand, but not enough to cut any figure. The vote today noon was as follows: Hatten, lead, with 53 votes; Stephenson had 48; Bird (democrat), 16; Rummel (social democrat), 4; McGee, 2; Huddell, 1; Thompson, 1; and George Peck, 1.

**Valuable Franchises**  
That the state should delegate the valuable franchise rights to the state university for development and exploitation instead of granting such rights to private corporations without compensation was a new principle introduced into the legislature today by Senator Burns.

**His Amendment**  
He offered an amendment to the Wisconsin river reservoir bill, providing that the franchise involved should go to the University instead of to the corporations. The question of constitutionality was raised by the friends of the corporation and the bill was laid over for an opinion from the attorney general.

**Residence District Bill**  
The senate advanced the assembly residence district saloon option bill and it seems assured that it will now become a law. Its provisions are similar to the celebrated Thayer bill which was defeated in the assembly two years ago.

**Kill Appropriation**  
By a vote of 48 to 42, the assembly killed the senate bill to appropriate \$25,000 for a Wisconsin exhibit at the Alaska-Yukon-Pacific exposition. A long debate pursued the action.

## WHEAT JUMPS UP IN THE WIDEST TRADES

Dollar-One Is Mark Set Again This  
Morning--Widest Excitement  
Prevails in the Pit.

[BY ASSOCIATED PRESS.]  
Chicago, May 16.—Wheat experienced another sensational upturn near the end of the session today. July jumped from 92 1/2 to 93 1/2 and closed five cents over yesterday's final figures. December closed five cents higher at 1.01; September at 92 1/2. The volume of business was immense, a few of the leading firms alone taking on between five and eight million bushels.

Interstate Commerce Commission  
Makes Sensational Ruling Regarding  
Railroads.

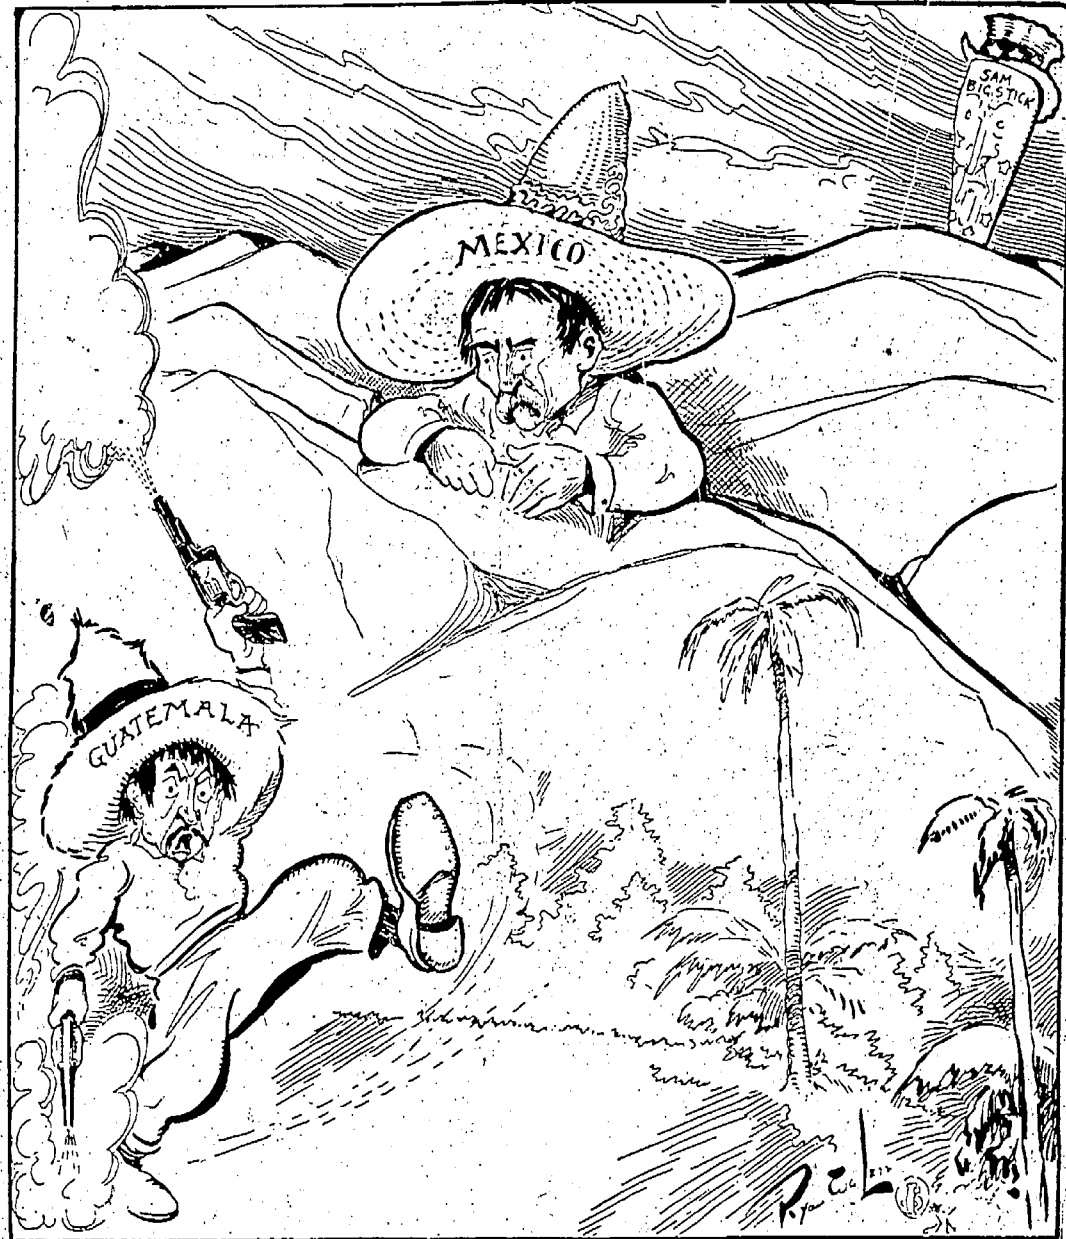

[BY ASSOCIATED PRESS.]  
Washington, D. C., May 16.—In a decision rendered today the interstate commerce commission held that "to make distance the sole factor in determining a reasonable rate would introduce undue discrimination and create a chaotic commercial condition."

## SYMPATHIZERS BEAT NON-UNION WORKERS

Considerable Disorder Followed  
Strike of Street-Car Men at  
Evansville, Ind.

[BY ASSOCIATED PRESS.]  
Evansville, Ind., May 16.—There was considerable disorder following the strike of a hundred and twenty street-car employees here today, for an advance in wages. Several non-unionists were severely beaten by a mob of sympathizers. The police were kept busy dispersing the crowds.

**Copper League Opens Season**  
Duluth, Minn., May 16.—The Northern-Copper Country Baseball League, which opens its season today, is one of the most unique professional baseball organizations doing business this year. Only four cities are comprised in the circuit. The jumps are long, but by playing week stands the league expects to succeed financially. Houghton opens here today and Calmer begins the season at Winnipeg. The season will close September 8.

## ANOTHER BELATED CONVENTION IS ON

California Bankers Gathered in Santa  
Barbara—Had No Session  
Last Year.

[SPECIAL TO THE GAZETTE.]  
Santa Barbara, Calif., May 16.—Prominent men of finance from all parts of the state have come to Santa Barbara to attend the annual convention of the California Bankers' association, which will be in session during the remainder of this week at the Hotel Potter. As this is the first convention to be held in two years more than the ordinary amount of business is to be transacted. In addition to carrying out an excellent program of addresses and discussions on financial topics, "The president of the association is L. R. Moulton of San Francisco, and the secretary, R. M. Welch, also of San Francisco. The report of the secretary shows the association affairs to be in a satisfactory condition, with a rapidly increasing membership.

## KENOSHA TANNERS' STRIKE IS BROKEN

Fifty Men Returned to Work—Remain-  
ing Strikers Divided—Mayor  
Acts as Peace Angel.

[SPECIAL TO THE GAZETTE.]  
Kenosha, Wis., May 16.—There are signs of a break in the Allen tannery strike. Fifty men have returned to work. The others are split on the question. "The tannery owners are confident of victory in view of this change in the situation. There were no clashes today and Mayor Gorman is carrying messengers between the two opposing camps in a peace angel of fort.

Years and Five Months For Kill-  
ing Manufacturer.

[BY ASSOCIATED PRESS.]  
New York, May 16.—Anisia Louise De Massey, convicted of killing Gustav Simon, a shirt waist manufacturer, was today sentenced to seven years and five months in state's prison.

## THREAT OF SUICIDE FINALLY MADE GOOD

Sheboygan Man Found Wife's Body  
at Bottom of Lake Deed Com-  
mitted Early This Morning.

[SPECIAL TO THE GAZETTE.]  
Sheboygan, Wis., May 16.—Mrs. Fred Luchterhand left her bed early this morning, leaped into Elkhardt lake and was drowned. Her husband found the body at the bottom of the lake without aid. She had often threatened suicide.

**New York Canadian Club**  
New York, May 16.—The annual banquet of the Canadian club of New York takes place at the Hotel Astor tonight and promises to be an affair of more than ordinary note. The scheduled speakers include Hon. Rodolphe Lemieux, Rev. Dr. S. Parks Cadman of Brooklyn, Hon. Peter White of Marquette, Mich., Donald Macmaster, K. C., of London, former Secretary of the Treasury Leslie M. Shaw, and Hon. R. T. Sutherland, speaker of the Canadian House of Commons.

## ADMIRAL'S WIDOW IS BRIDE OF GENERAL

Army and Navy Romance Culminated  
in Wedding Today—Groom Sev-  
enty-five Years Old.

[SPECIAL TO THE GAZETTE.]  
New York, May 16.—A wedding of great interest to army and navy circles took place in this city today when Mrs. Mary H. Nicholson, widow of Rear Admiral John W. A. Nicholson, became the bride of Gen. James Grant Wilson. The wedding was celebrated at the home of the bride in West Seventy-ninth street and was attended by many prominent officers of the army and navy. General Wilson, who now is seventy-five years old and nearly twenty years the senior of his bride, was married before, his first wife, whom he married in 1869, being a Miss Cogswell, a descendant of Peter Stuyvesant. General Wilson has been known as an author as well as a soldier. In 1867 he went to Chicago and founded the first literary journal published in the northwest. In 1862 he was commissioned major of the Fifteenth Illinois Cavalry, becoming colonel soon afterward. During the presidency of General Grant he was in charge of social arrangements at the White House. It is an interesting coincidence that when General Wilson was a colonel under General Grant one of his most intimate friends was Admiral Nicholson, the husband of Mrs. Nicholson, whom General Wilson has now made his bride.

[BY ASSOCIATED PRESS.]  
Pasadena, Calif., May 16.—Edwin Conger, ex-minister of China, who recently resigned as ambassador to Mexico, is critically ill at his home in this city. Mr. Conger came to Pasadena immediately after his return from Mexico in 1905. Since then he has been slowly dying. It is understood the end may come any hour.

## COURT ADJOURNS TO SHOW DUE RESPECT

Haywood Trial Is Delayed Several  
Hours Through Matter of  
Respect to Dead.

[BY ASSOCIATED PRESS.]  
Boise, Idaho, May 16.—Out of respect for the memory of Edward Nugent, first judge of the Ada county district court, over which he presided as one of the predecessors of Judge Wood, the latter will not proceed with the preliminary stages of the trial of Wm. D. Haywood until two o'clock this afternoon. Judge Nugent was the father of John F. Nugent, one of the counsel for Haywood.

**On Trial for Desertion:** Arthur Fouts of Beloit, who was arrested on the charge of deserting his wife over a year ago and brought to the county jail, the faithful woman accompanying him and only parting with him at the cell door, was taken back to the Line City this morning by Chief Scheibel. The prisoner was to have his examination this afternoon. Relatives of the wife made the complaint against him. His whereabouts had been a mystery ever since his sudden exit a twelvemonth ago. Later, Fouts was tried and sentenced to spend one year in the penitentiary.

## GRAND FORKS MAY MUSICAL FESTIVAL

Hundred and Twenty Voices Will  
Sing "Hiawatha's Wedding Feast"  
and "Messiah."

[SPECIAL TO THE GAZETTE.]  
Grand Forks, N. D., May 16.—There is every indication that the May music festival, which opened in this city this afternoon, will be the most notable affair of its kind ever given in this section of the northwest. Four concerts are to be given. Coleridge Taylor's "Hiawatha's Wedding Feast" and Handel's "Messiah" are leading features of the program. The participants include a chorus of 120 voices, the Minneapolis Symphony orchestra and several soloists of note. Many visitors are in Grand Forks to attend the festival.

## BURNED TO DEATH IN THE TENDERLOIN

One Time Wealthy Woman Met Hor-  
rible End in Basement—Fam-

## NINETY-SIX BOTTLES NESTLING BY WALL

Officers, Armed With Search Warrant,  
Visited Walter Tobin's Laid-  
Home and Made Big Haul.

Ninety-six bottles of beer and a half barrel of whiskey were unearthed on the premises of Walter Tobin at Leyden by District Attorney Fisher and Constable Dullin late yesterday afternoon. The two officers, armed with a search warrant, drove up to the place and inquired for the proprietor. Mrs. Tobin told them that he had gone fishing and entered a negative reply to a question as to whether or not there was a cellar under the house. This answer failed to convince and after an entrance had been effected from the outside, the basement was entered and carefully searched, with the above-mentioned result. A warrant charging Tobin with running a "blind pig" will probably be served and parties who are known to have partaken of the grog subpoenaed as witnesses. For some time, in a community supposed to be under a strict prohibition regime, it has been increasingly easy for the farmer boys to get intoxicating drinks without traveling far from home and the proceeding yesterday was the outcome of persistent rumors that came to the district attorney's ears.

# FOUR IMPORTANT CHURCH SOCIETIES IN SESSION

Organization of Baptist Union Practically As-  
sured--Presbyterian Merger Makes  
Denomination Large.

[SPECIAL TO THE GAZETTE.]

Columbus, O., May 16.—The retiring moderator, the Rev. Hunter Corbett, this morning called to order the 119th session of the general assembly of the Presbyterian church of America. The attendance of commissioners, alternates and visitors was larger than ever before, due to the number of representatives present of the Cumberland Presbyterian church. The merger of the two churches, after a separation of many years, is to be finally ratified at the present meeting. When the union is complete, the 1,000,000 members of the American branch and the 200,000 members of the Cumberland branch will become one in name. The two together comprise 1,000 presbyteries, but as many of these presbyteries overlap, consolidations will take place, and the assembly next year will see a smaller number of delegates.

The interior of Memorial hall is handsomely decorated with flags, bunting and banners. In the audience were representatives of more than a dozen nationalities, many attending the assembly as commissioners and others because of the great interest the sessions have aroused.

The sermon of the retiring moderator occupied the entire morning session and at its conclusion the assembly adjourned until 3 o'clock to prepare for the election of the new moderator, the most important practical business of the day. The Rev. William H. Roberts of Philadelphia, who has been the stated clerk of the general assembly for many years, is prominently mentioned for moderator. His candidacy is strengthened by the fact that he was chairman of the union committee which so successfully negotiated the merger with the Cumberland Presbyterians. The names of several other prominent members of the church also are mentioned in connection with the honor.

**Southern Presbyterians**  
Birmingham, Ala., May 16.—The forty-seventh general assembly of the Southern Presbyterians, known officially as the Presbyterian Church in the United States, met today in the First Presbyterian church in this city and will remain in session a week or ten days. The assembly was called to order promptly at 11 o'clock by the retiring moderator, Dr. Allen G. Hall of Nashville. Commissioners from 32 presbyteries were on hand, representing the Southern Presbyterians of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas and Virginia. The formalities of organization and the opening sermon occupied the early hours of the assembly. When these were concluded the assembly proceeded to the election of a

a new moderator, which is the most important business of the day. Tomorrow the twenty standing committees will be announced and the assembly will then take up the regular order of business.

**Baptist General Council**  
Washington, D. C., May 16.—Preliminary steps were taken at the Baptist anniversary in session here today for the organization of a Baptist union, or general council. Tomorrow a committee on organization will report and Prof. Shaler Matthews of Chicago will address the meeting on the functions of the proposed organization. Final action is then to be taken, and it is freely predicted that then, for the first time in their history, the Baptist churches of the north will be united in an organization through which matters of general Baptist interest may be considered and the attitude of the denomination on great moral and public questions be expressed. But little opposition has developed to the plan of organization, notwithstanding the fact that a similar movement some years ago met such opposition that nothing came of it. The new council or union is not to be legislative, but like the Congregational National Council, may merely suggest action to the churches.

**Southern Baptists**  
Richmond, Va., May 16.—Richmond is entertaining more than 5,000 distinguished ministers and laymen of the Baptist church in the south, who gathered here today for the opening of the fifty-second annual session of the Southern Baptist convention. The convention is the largest delegated religious body in America; the delegates alone numbering between 2,000 and 3,000. The convention here will be in session several days and after adjournment it will reassemble next week at the Jamestown exposition to meet in joint session with the Northern Baptists, now holding their convention in Washington. Considerable business of a routine nature is to come before the present convention. The Rev. A. J. Dickinson of Birmingham is to preach the annual sermon. A spirited though good-natured contest is on for the honor of entertaining the convention next year. Knoxville, Hot Springs, Birmingham, San Antonio, Greensboro, Nashville and Atlanta will present invitations.

**Home Missionary Meeting**  
Dothan, Ala., May 16.—A number of delegates are here for the eighth annual session of the Alabama conference of the Woman's Home Missionary society. The formal opening takes place this evening and the conference will remain in session until Monday. The annual sermon will be preached Sunday morning by Dr. John A. Peterson.

## FISH BAIT CASTING TOU RNEY IN GOTHAM

World's Champion Came from Ireland  
to Uphold Title—Three  
Days of Contests.

[SPECIAL TO THE GAZETTE.]  
New York, May 16.—The banks of the Harlem River, in Central Park, were thronged with disciples of Isaac Walton today at the opening of the big fly and bait casting tournament organized by the "Anglers' club" of New York. The tournament is to last three days and the plans promise the finest sport of the kind ever provided in the United States. The importance of the tournament may be realized when it is stated that the entries include several of the best-known anglers of Europe as well as a large number of American experts. John Enright of Ireland, who last year created a new world's record for the salmon fly-casting, throwing 152 feet, is among the contestants.

**Texas Press Association**  
Galveston, Texas, May 16.—News-paper makers and workers of the Lone Star state, members of the Texas State Press association, rounded up in Galveston today for their twenty-eighth annual meeting. All signs point to one of the best meetings in the history of the association. The program extends over three days and provides for papers and topics covering a wide variety of topics interesting to the profession. Among the prominent editors and publishers who are to speak for the enlightenment of their professional brethren are E. C. Hunter of Sherman, E. A. Thompson of Denison, A. S. McCollum of Waco, Marcus E. Foster of Houston, Sam McGarry of Beaumont, C. H. Masters of Galveston, and H. B. Savage of Belton.

**Cornerstone Laid**

## WISCONSIN NEEDS ALL IMPROVEMENT

BETTERMENT OF WATERWAYS IS IMPORTANT ITEM.

### COMMISSION TO BE POTENT

Bill Is Now Pending in Legislature That Will Materially Aid the General Work.

Washington, D. C., May 16.—Water transportation is rapidly assuming an important position in the internal affairs of the United States as the railroad has commanded. Official notification was received here this week that Arkansas has organized a state river commission to act in conjunction with the national government, and that the state of Wisconsin is considering the creation of a commission of waterways to have the same power and authority over transportation by water as the state railroad commission exercises over transportation by rail. It is regarded as likely that similar action will be taken in a number of other states, where the legislatures have not yet adjourned.

In Arkansas the state of Arkansas is one of the most favored states of the union in the matter of navigable rivers on or within its borders. The new river commission proposes to see to the permanent improvement of these streams, particularly in the case of the Arkansas river and its tributaries. The organization is composed of state and municipal officials and the various trade and business associations throughout Arkansas. It will work in conjunction with the national government to aid in the general plan of internal waterway improvements.

In Badgerdom Wisconsin, it is learned, will dignify the new waterways official with sweeping authority. He will be appointed in the usual manner by the governor and confirmed by the state senate. The bill creating the office is now before the legislature, and was introduced by State Senator Owen. It contemplates a salary of \$5,000 a year for the new official, and the measure has the endorsement of the state's congressional delegation, both Congressmen Esch and Cooper speaking in favor of it at a recent hearing before the legislative committee.

Many Streams Wisconsin is interested deeply in the further development of a number of its rivers, chief among them the Mississippi, Wisconsin, Chippewa, Black and St. Croix. The state has awakened to the fact that it is in possession of an invaluable method of transportation in its waterways, which hitherto have been allowed to lie dormant. It is intended to pursue a vigorous policy of development in connection with these streams, chiefly to the end that rail rates be reduced and to insure the state against a repetition of the freight congestion that gripped the whole north-west last fall.

All Traceable This activity on the part of the states can be traced to the mission work done by the National Rivers & Harbors Congress. For five years this organization, purely patriotic in character, has kept before the people of the United States, and brought to the attention of congress, the necessity for rehabilitating the inland waterway traffic. During the debate on the rate bill, it was declared time and again that well-developed rivers, capable of the transportation of heavy freight, would do more to equalize and lower railroad rates than any law that could be devised. This is the contention that all along has been made by this organization.

Wants Members The National Rivers & Harbors Congress, which has been heartily endorsed by President Roosevelt, is deeply desirous that the work so well begun be kept up. In order to provide the stimulation necessary to effect this, Capt. J. F. Ellison of Cincinnati, its secretary, is seeking to enlist as members every person and organization in the United States interested either in the development of the rivers and harbors of the country, or in providing some means to care for the nation's growing commerce. In his crusade for greater membership he has the support of many members of congress. In fact, the president of the organization is Congressman Russell of Louisiana, a member of the Rivers and Harbors committee of the house.

## Rheumatism

I have found a tried and tested cure for Rheumatism. Not a single drop of the distilled liquid of chronic cramp, nor turn bony growths back to flesh again. That is impossible. But I can now kill the pains and cause of this horrible disease.

In Germany—a Chemist in the City of Darmstadt—I found the last remedy with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that ingredient, I successfully treated many cases of Rheumatism, but now at last, I have found the cure for this horrible, much dreaded disease. These same like regular wastes, found in Rheumatism, cause the disease to pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual cause to suffer from Rheumatism. ## STANDARD OIL WILL NOT DISCRIMINATE

W. B. Stoddard, the Janesville Representative, Says He Will Sell to All Who Have the Price.

This morning the question of discrimination of the Standard Oil Company in refusing to sell to the Baumann Brothers gasoline was settled by W. B. Stoddard, the local representative of the great oil trust, when he told Mr. Baumann that he would supply him on any other would-be purchaser with gasoline, and that he had received no orders from the Milwaukee headquarters of the trust to discriminate against him or any other Janesville dealer. The controversy arose out of the fact the driver for the oil wagon is alleged to have told Mr. Edward Baumann that he would not sell him any more gasoline unless he bought his oil of the trust. Mr. Baumann is purchasing some of his oil from an outside concern, opposed to the trust, and this fact, it was thought, led to the trouble. The matter was laid before the district attorney, but now that Mr. Stoddard has told Baumann Brothers he will furnish them it is probable that the matter will be dropped and no test case of the matter made. The fact that Mr. Baumann has been in communication with the interstate commerce commission at Washington relative to the price of oil as furnished by the Standard in southern Wisconsin, was thought to play a part in the affair and it was intimated that the orders to shut him off from his gasoline supply was in retaliation. This Mr. Stoddard denied, saying that he had received no orders to shut anyone off. Mr. Stoddard has requested the Gazette to make the following statement relative to the matter and it is found in the following paragraph: W. B. Stoddard said that he has not refused to furnish Baumann Brothers or any other would-be purchaser with gasoline or oil. The article in last evening's Gazette relative to the alleged refusal of the Standard Oil company to serve Baumann Brothers with gasoline Mr. Stoddard states is not to be a fact and says that he has not received orders from the Milwaukee office of the Standard Oil company to refuse the sale of oil, or gasoline to any one who has the money to pay for it and that until he does he will sell to all who desire it.

## WILLIAM D. DAVEY RUN DOWN BY CARS

Son of Mr. and Mrs. D. D. Davey Met Terrible Death at Calumet Yesterday.

Mr. and Mrs. D. D. Davey, who reside at 307 W. Milwaukee street, received late yesterday afternoon terrible tidings of the accidental death at Calumet, a station on the St. Paul road near Darlington, of their son, William D. Davey. No details beyond the fact that the unfortunate young man met his death while engaged in the performance of his duties as brakeman and that the body was badly mangled, accompanied the message. Deceased departed on his run with Conductor Pedro's crew yesterday morning. He was but twenty years of age. Besides his grief-stricken father and mother he leaves to mourn his loss four sisters and two brothers, all of whom reside in Janesville.

## DISCUSSED PLANS AT THE ANNUAL MEETING

W. C. T. U. Met Yesterday for the Work of the Coming Year.

The Woman's Christian Temperance Union met Wednesday afternoon at the pleasant home of Mrs. H. Palmer, Forest Park. The session was devoted to making plans for the coming year's work and election of superintendents for the different departments of work. The following lines of work were taken up besides the general temperance work: Flower mission, Mrs. Hattie Miller; Freedmen, Miss Maria Gibbs; Loyol Temperance Legion, Mrs. J. J. McIntyre; mercantile, Mrs. Mary Palmer; mercy, Mrs. Amelia London; mothers' meetings, Mrs. Stella Medos; prison, jail and almshouse, Mrs. Palmer; railroad employees, Mrs. Elta Poorman; social meetings, Mrs. Aitken; Sunday school work, Mrs. May Cunningham; ways and means, Mrs. Willard Robinson. The union planned to have a lecture given in the parlors of the Baptist church Tuesday evening, May 21st, by Mr. Hostetter of Keokuk, Iowa. Mr. Hostetter will give his celebrated lecture, "The Story of a Wasted Life," being a vivid recital of his personal experiences as a drinking man, the depths to which he descended, his remarkable reformation and his conclusions as to the cause of and remedy for intemperance. The lecture is free.

## ST. PAUL PROMISED GOOD SUNDAY TRAIN

Weekly Buffet and Parlor Car Service Between Janesville and Mineral Point.

With the understanding that the Chicago, Milwaukee & St. Paul railway company would inaugurate good Sunday passenger service on the Mineral Point division its hearing before the state railroad commission at Madison yesterday afternoon was adjourned until the June term. The road agreed to put on a regular Sunday passenger train with buffet and parlor cars after the first of June. The granting of an additional daily train was refused.

## IN A ROMANCE OF OLD HEIDELBERG

The Babst Theatre German Stock Co. Delighted a Small But Appreciative Audience at the Myers.

Before an audience disgracefully small, but appreciative withal, Meyer Foerster's comedy-drama "Alt Heidelberg" was given a presentation at the Myers opera house last evening by the Babst Theatre German Stock Co. of Milwaukee. Curt Stark in the leading role of Karl Heinz, the prince, gave a remarkably sympathetic treatment of the unhappy young scion of royalty who is awakened to the joy of living and the song of youth within the classic environments of the ancient university. And Gertrude Senger was splendid in her portrayal of "Kaethe," the comely and artful "college widow" of Ruder's tavern, who becomes involved in a sincere but hopeless love affair with the prince. Emil Marx was the intensely human and lovable "Dr. Justner" and Berth Sprötte was excellent as the ponderous, inexorable minister of state. The songs and revivals of the light hearted collegians, their faces bearing the scars of many a duel, the badges and caps of the students' clubs, and the scenery presenting the village in the middle distance and the old castle in the far background all combined to effectively reproduce the color and romantic atmosphere of the old seat of learning and cradle of German chivalry. Heinrich Loventfeld provoked many a laugh in his grotesque comedy role of "Kellermann," the bibulous janitor, and the balance of the support were uniformly good in their respective parts.

## PLANNING FOR THE GRAND ARMY PICNIC

Arrangements Committee Will Meet in Janesville on Tuesday to Decide upon Time and Place.

Committees representing several of the Grand Army posts in this section will assemble in Janesville on Tuesday to make arrangements for the Old Soldiers' picnic which is to be held in June. Yost's Park will probably be the scene of the festivities and arrangements will be made for one of the most notable reunions that has been held in some years. There will be a drilling contest, old tactics, worked on the plan of the spelling bee with the understanding that an error costs the contestant his place in the line, and prizes for oldest and largest Grand Army man, etc. The committee meeting is to be held at Heimstreet's drugstore.

## CLOSING MEETING OF ATHENA CLASS

Young Ladies' Auxiliary Were Guests at Delightful Entertainment at Home of Mrs. W. F. Palmer.

Forty members of the Athena Class and the young ladies' auxiliary completed their two years' study of German history at the closing meeting of the season, held at the home of Mrs. W. F. Palmer on Court street yesterday afternoon. The feature of the program was a splendid reading from Schiller's "Wilhelm Tell" by Miss Amy Woodruff—a recital which revealed a breadth of dramatic insight, sense of artistic values, and mastery of the technique of delivery, which surprised even those who were familiar with the progress she has been making in her chosen work. The insistent demand of the listeners for two encores testified to their high appreciation. There were several very pleasing musical numbers, including a vocal selection by Miss Robert Keller, accompanied by Miss Pearl Peters, a piano solo by Miss Louise Merrill, and a song by Mrs. A. O. Wilson. As the roll call members responded with sentiments dedicated to Germany and the achievements of its people. Named cards bearing German figures and designed by Mrs. W. H. Judd were laid at each place at the German luncheon, and a collection of interesting specimens of craftsmanship which Mrs. James Mills secured in Germany, had been put on exhibition. The entertainment was thoroughly enjoyed by all of those present.

## Being Square With The World

If You Would Give and Get Full Value Here's A Suggestion.

Are you getting full value out of life? Are you getting full value out of your money? In matters of business and in our relations, man to man, we owe it to ourselves, and to the world, to be square. To make our selves of full value. Do this and, in turn, you will get full value out of life. You can't do full justice to anything unless you feel right. And you can't feel right unless you live right. Eating right is essential to living right. Eat the right kind of food and you will not suffer. The right kind of food for you and your family, the weak and the strong, the sick and the well, the grown folks and the little folks, is Malta-Vita, that delicious, crisp, whole wheat food.

A perfect breakfast is impossible without Malta-Vita, and it's just as good three times a day. Being a pure grain product, without any foreign sweetening agent or other adulterative, Malta-Vita is rich in nutritive value, and contains the element of the best whole wheat and pure barley malt extract—intensely vitalizing. Try Malta-Vita and you will find it is no other food just as good. None that can take its place. And it's always ready to eat. No cooking. No inconvenience. All grocers, now 10 cents.

## MOCK GRADUATING EXERCISES GIVEN

Evansville Seminary Juniors Entered Seniors With Banquet and Novel Program.

[SPECIAL TO THE GAZETTE.]  
 Evansville, May 15.—The junior class of the seminary entertained the seniors at a banquet last evening. Miss Gertrude Bager kindly proffered the use of her home as most of the juniors were out of town students. At 6:30 an elaborate five-course dinner was served, the table being decorated with candles in the junior class colors, cherry and white. Mr. Harry Gillet acted as toastmaster and toasts were given by Miss Mae Sansom, John Hendricks, Wesley Gweir, Lena Brook and Mable Tullis. The guests then repaired to the parlors and a mock commencement exercise was given by the juniors, with the seniors as an audience and the orations were both witty and scholarly and proved very much enjoyed by all.

Rev. F. D. Brooke will deliver the baccalaureate address to the graduating class of the seminary June 2, at 2:30 p. m. in the seminary chapel. On Monday evening, June 3, the commencement literary program will be given by the Phoenix Literary Society, and on Tuesday evening, June 4, at 7:45 the commencement exercises will take place.

Cards have been received in this city announcing the arrival of a little daughter at the home of Mr. and Mrs. Harry Boedinger in Indianapolis, Indiana, Friday, May 10. The little Miss has been called Katherine Helen, in honor of her grandmother, Mrs. Katherine Kling of Chicago and her great grandmother, Mrs. Helen Winston of Janesville. Mrs. Boedinger will be better remembered here as Miss Grace Ladd.

Miss Minnie Jones of this city has recently been appointed assistant to Postmaster Loveland at Oregon, Wis. The members of the Eastern Star go to Oregon this afternoon where a banquet will be given in their honor.

Mr. and Mrs. N. D. Wilder left Monday for Froport, Ill., where Mr. Wilder goes to receive medical treatments.

The monthly meeting of the W. C. T. U. will be held Friday afternoon, May 17, at the home of Mrs. H. O. Meyers.

### NEXT EXCURSION TO SUNNY SOUTHERN ALBERTA, CANADA, MAY 21st.

The railroads have not as yet fully united on the homeseekers' rates from now on, but the Soo line has conceded something from the rates they announced after May 7th. As it now stands, the cheapest we can send anyone from Chicago to Calgary, and return with our one-cent certificates over the Canadian Pacific road, is \$57.50 as against the old rate of \$42.45, which, with \$22.50 the actual cost of feeding and sleeping on the trip makes \$80.00. We have therefore decided to make a flat rate of \$55.00 on May 21st, for car fare, meals, and berth from Chicago to Calgary and return. Our old flat rate of \$40.00 still holds good to all those with whom we have previously arranged for this trip May 21st.

## ..Forty Years Ago..

Janesville Daily Gazette, Thursday, May 16, 1867.—The Entertainment at Lippin's Hall Tomorrow Evening—We have before us a program of the entertainment to be given at Lippin's Hall Friday evening. It is replete with good things in the way of tableaux, and the best musical talent of the city has volunteered for the occasion. It will be one of the best entertainments of the season.

Unlimited Guzzling for a Year to Come.—Notwithstanding the admission of individual members of the Council that there were too many places in this city licensed to sell liquor, in the official capacity of that body they last night granted licenses to everyone who chose to ask for one. As a consequence we are to have no less than forty of these drinking places; or about one to every 200 of our population—men, women, and children. The most ardent lovers of poor

whiskey ought to be satisfied with these facilities for guzzling. It is a disgrace to our city to have so many of these tipping shops licensed by the city government.

At the adjourned meeting last evening at the Presbyterian church, to complete the organization of the Young Men's Christian Association of Janesville, a committee of four were appointed to prepare a copy of the constitution and by-laws there adopted, and to obtain signatures for members of said Association.

The secretary was instructed to invite a delegation from Milwaukee, to be present at the meeting to be held next Wednesday evening on their return from Madison, after aiding in launching a similar enterprise there. On motion the meeting adjourned to meet at the same place next Wednesday evening at 7 1/2 o'clock.

H. M. HART, Sec'y.

## Before The Footlights.

There are many thrilling scenes and climaxes in "To Die at Dawn" that is to appear at the Myers Theatre on Saturday, May 18, matinee and evening, but none are more thrilling than the great dual scene. While it is what resembles the melodramatic scene is led up to by the gradual unfolding of the plot that precedes it, and is the natural culmination of a situation of intense and absorbing interest. It is a scene which from strength of conception and fitness in execution is rarely paralleled in the realms of realism. At times the work is so intense and real that the beholder forgets that he is gazing on a scene that is from the mimic work and for the time believes that a real tragedy in real life is being enacted before his eyes. This is only one of the many splendid situations the play affords, and with all its clothed in language of exceptional brilliancy, and the play is one of wholesome interest. This play promises to repeat here the success it has met everywhere, this season.

Manager Myers confidently expects the engagement of "The Tenderfoot" on Saturday, May 25, matinee and evening, to surpass anything he has yet played at his handsome theatre.

In "The Tenderfoot," Richard Carr certainly put forth his very best efforts while the music, which by the way was written by H. L. Heartz, is by far the prettiest heard here in many a day.

"The Tenderfoot" simply effervesces with good clean wit and humor. Oscar L. Egan, who plays Professor Pettibone is a revelation, his methods being entirely away from the beaten path of many of the so-called musical comedy stars. The company presenting "The Tenderfoot" this year has been carefully selected, special attention having been given to the chorus which is composed of fresh young voices.

Ruth White, the prima donna soprano, who assumes the role of Marion, is a discovery of Manager Wm. P. Cullen. Miss White, besides being possessed of a most pleasing personality has a remarkable voice of great range and power.

The part of Marion gives Miss White splendid opportunity to display her many charms and talents which she does to advantage. Grace Sloan as "Patsy" and Harry E. Williams as "Hop Lee" assist masterfully in the comedy while Louise Brackett as "Sal" is a sweet winsome and entertaining cover. The Col. Paul Winthrop, Fred Bailey, as Sgt. Bill Barker, J. F. Roemer, H. B. Scott, A. W. Hutchins, and a host of others go to form one of the strongest musical organizations of the city.

Wm. Gardner was in Chicago last week.

Tobacco plants are reported as coming along nicely despite the cold weather and many frosts.

**Want ads. bring results.**  
"Anti-Pill" Bill Ridiculous.

Beloit Free Press: A bill which prohibits the smoking of cigarettes by full-grown men in public places seems likely to be passed by the assembly. After the experience with the anti-treat law, and the many unsuccessful efforts to enact laws prescribing what men shall not drink, it would appear that most legislators would have sense enough to know that any law infringing upon the personal rights of a man would be a dead letter. It is all right to throw the safeguards of the laws about children in such matters, but ridiculous when it comes to prescribing what grown men may or may not do in the way of eating, drinking or smoking.

**What Do They Cure?**  
The above question is often asked concerning Dr. Pierce's Great Peppermint Cure. "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or purgative, and for the purgative and especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder—curing a large per cent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis, bladder, uterus or other pelvic organs). Even in the chronic or incurable stages of these affections it is often successful in affecting cures.

"The Favorite Prescription" is advised for the treatment of all cases of diseases—those regular, weak, irregular, and those irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak women, over-worked women—no matter what has caused the trouble—this "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines:

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

**Coughs of Children**  
Especially night coughs. Nature needs a little help to quiet the irritation; control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says. We have no secrets! We publish the formulae of all our preparations. J. C. Ayer & Co., Lowell, Mass.

## TRADE WITH GERMANY

Just at this time when the commercial modus vivendi between Germany and the United States is in the hands of the German Emperor for his signature, it is interesting to note what the passage of this measure means to the United States. The department of Commerce and Labor has issued the following interesting table relative to the matter which shows that Uncle Sam is the gainer by the measure.

Trade of the United States with Germany and France aggregated last year about 572 million dollars, and in the year which ends with next month seems likely to reach nearly or quite 700 millions. About three-fifths of this large total trade occurred with Germany and about two-fifths with France. In the trade with Germany, exports to that country are much greater than the imports therefrom, but in the case of France the exports are slightly less than the imports. In the nine months of the present fiscal year for which the Bureau of Statistics is able to supply detailed statements, the exports to Germany were 207 million dollars and the imports therefrom 123 millions in value, while in the same period the exports to France were 91 millions and the imports therefrom 99 millions, these figures being in round terms. France is one of the few important commercial countries of the world to which our exports are less than the imports drawn therefrom. In the last ten fiscal years the imports from France have amounted to 733 1/2 million dollars and the exports thereto 733 millions; in the same period imports from Germany amounted to 1,047 millions and the exports thereto 1,826 millions.

The details of the trade with Germany and France in the latest fiscal year have been prepared in tabular form by the Bureau of Statistics. Of the 135 million dollars' worth of imports from Germany in the fiscal year 1906, 71 1/2 million dollars' worth was manufactures ready for consumption, 32 millions manufactures for further use in manufacturing, 23 millions crude materials for use in manufacturing, 5 millions foodstuffs partly or wholly manufactured, and a half million dollars' worth foodstuffs in a crude condition. Of the exports to Germany, amounting to 232 million dollars in 1906, crude materials for use in manufacturing amounted to 112 million dollars; foodstuffs partly or wholly manufactured, 44 millions; manufactures for further use in manufacturing, 34 millions; manufactures ready for consumption, 22 millions, and foodstuffs in a crude condition, 20 millions. In the trade with France the imports therefrom were 99 million dollars in value, of which 58 million dollars' worth was manufactures ready for consumption, 17 millions crude materials for use in manufacturing, 10 1/2 millions manufactures for further use in manufacturing, 19 1/2 millions foodstuffs partly or wholly manufactured, and 2 1/2 million foodstuffs in a crude condition. Of the exports to France, amounting to 96 1/2 million dollars, 53 million dollars' worth was crude materials for use in manufacturing, 18 millions manufactures for further use in manufacturing, 12 millions manufactures ready for consumption, 7 1/2 millions foodstuffs, and 5 1/2 million foodstuffs partly or wholly manufactured.

The principal articles imported from Germany are chemicals, drugs, and dyes, 19 million dollars, of which nearly 5 million dollars' worth was potash and 4 1/2 millions coal tar colors and dyes; cotton manufactures, 16 1/2 millions, of which knit goods amounted to 6 1/2 millions and laces, embroideries, etc., 6 millions; iron and steel manufactures, 6 millions; hides and skins, 5 millions; leather and its manufactures, 5 millions; wool manufactures, nearly 5 millions, and paper, 4 1/2 millions. Of the exports to Germany raw cotton amounted to 101 million dollars; lard, 19 1/2 millions; copper ingots, 17 1/2 millions; corn, 12 millions; mineral oils, 8 1/2 millions; iron and steel manufactures, 7 1/2 millions; oil cake and meal, 4 1/2 millions; naval stores, 4 1/2 millions; wood, unmanufactured, 4 millions; and leaf tobacco, 3 1/2 millions.

In the trade with France the imports of 103 million dollars in value included cotton laces, edgings, and embroideries, 10 1/2 millions; hides and skins, 7 millions; champagne, 5 1/2 millions; silk dress goods, 5 millions; diamonds, cut but not set, 5 millions; wool manufactures, 3 1/2 millions; feathers, 3 millions; automobiles, nearly 3 millions; and art works, 2 1/2 millions. The exports to France, amounting to 96 1/2 millions, included raw cotton, 45 millions; copper ingots, bars, etc., 12 1/2 millions; refined mineral oil, 4 millions; iron and steel manufactures, 3 1/2 millions; leaf tobacco, 3 1/2 millions; crude mineral oil, nearly 3 millions; wood, unmanufactured, 2 1/2 millions; and agricultural implements, about 2 1/2 millions.

THE RAILROADS' SIDE  
Just how the operation of the two-cent railway fare affects the leading roads of the country is exemplified by the following statement which comes direct to the Gazette from reliable authority and refers directly to the conditions that exist in Ohio, where a two-cent fare exists:  
"In view of the suggestion made frequently that the railroads in Ohio have been agreeably surprised at the increased business resulting from the two-cent fare law in that state, the first state in which such a law has been in operation for a full year, figures compiled from a report just issued of the Cleveland and Marietta railroad are instructive.  
"This railroad operates entirely within the state of Ohio, so that its results bear directly upon the issue. The company is a part of the Pennsylvania system (west of Pittsburgh).  
"These statistics show that during the year 1906, the number of passengers carried increased 46,736, or 13 1/2 per cent over 1905. There was also an increase of 751,536 in the number of miles passengers traveled, or 12 4/10 per cent, with an increase of 1 3/10 per cent in the train mileage.  
"Notwithstanding the increase in train service and in the number of passengers carried, the passenger earnings decreased \$4,399.50 or 3 per cent. This was due altogether to a reduction in the average earnings per passenger per mile of 29-100 of a cent, or 12 2/10 per cent, as a result of the two-cent fare law.  
"It was possible to make a slight reduction in the cost of operation, but notwithstanding this, the greater decrease in the rate received caused an increase in the loss per passenger per mile 30-100 of a cent to 53-100 of a cent, or nearly 50 per cent, and, applied to trains, this loss means over 22 cents for every mile run by passenger trains during the year.  
"Under these conditions, it is a question as to how long the company will be justified in continuing the present passenger train service at the reduced fares?"The Humane society has begun its crusade against cruelty to dumb brutes and as a starter, has started watching a young farmer who killed a colt by tying its head back and then plunging with it. The poor brute died in agony from a broken heart.  
Beloit is growing materially as a Mecca for workmen, but Janesville is still the home city. Soon, however, Janesville workmen will not have to leave town to find employment. There will be more than enough for them to do at home, and even then the importation from other cities will be necessary.  
Stephenson needs eight more votes before he can be nominated in the republican caucus and Hatten needs four. In the good old days of politics when the bank roll counted these votes might be obtained, but not now in a reform legislature.  
So Abraham Ruef has pleaded guilty and the first of the big grafters of Finco will spend a period in San Quentin or some other prison to pay for his actions as a speculator in public finances at the expense of the public.  
A Kansas telegraph operator has just made a fortune as a board of trade speculator and is going to retire from active work and spend his money. To begin with he gives twenty dollars for every home run made by his home town baseball team.  
Railroads have feelings as well as individuals, but the Standard Oil does not appear to. It is barely possible that the great and mighty Standard will find that it has perhaps run up against a snag when it begins monkey business in Wisconsin.  
So Mr. Hatten came up with a rush and Mr. Stephenson stood still. Too bad that some of the legislators can not see light instead of revenge and select a good man for the office of Senator; Whitehead for instance.  
So the minister who married Corey to Mabel Gilman is to be disciplined.

NOT AFRAID FOR HERSELF.  
Child's Only Thought Was of Damage She Might Do Train.

One day last winter a Vermont girl named Rosa Hines, 14 years old and a farmer's daughter, drew her sled to the crest of a hill half a mile long and then took a slide. Just beyond the foot of the hill are railroad tracks, and as her sled got under motion she saw a train coming. She couldn't stop, and she saw that there must be an accident, so she waved her hood, and shouted: "Get out of my way! Get out of my way, or you'll be run over!" The engineer saw the girl waving her hood, even if he didn't hear her words, and he brought a long train of freight cars to a sudden stop just in time to let her shoot by the engine. This is probably the first time in the history of railroading when a girl on a sled was given the right of way over a train. When she was afterwards scolded by her father she naively replied: "Oh, I wasn't scared for myself. I was afraid of bumping the train on the track."

Officer's Natural Anxiety.  
Sir Douglas Straight told this tale at a recent dinner of the Journeymen Hairdressers' Trade Society in London: "When a young barber he went into a barber's shop to be shaved and was a little startled to see the woman cashier behind the counter staring at him from time to time through the glass door. When he got outside the shop a policeman said: 'I am very glad to find you have come out.' The officer explained that he had been anxious because the barber had just come out of a lunatic asylum the previous week and his relatives were wondering whether they would have to send him back again."Buy It in Janesville.  
Where Gates Guesses Wrong.  
El Paso Herald: John W. Gates, financier, oil town boomer, Wall street manipulator, railway hustler, and worshipping of the goddess chance, expects to see Roosevelt renominated and elected. He believes the president is the man of destiny, and that the nomination will be forced upon him by his friends. John W. was never more mistaken in his life.Is Down to Two.  
Says the Philadelphia Press: "The Wisconsin legislature is still fussing along with six or seven candidates who want to succeed Senator Spooner. If all were elected it would not really fill the vacancy. Maybe not. But if the result of the 'fussing along' shall not look like a joke on the state, there will be something to be thankful for."

## ART EXHIBITION HERE NEXT WEEK

Mrs. Conrad and the Misses Barker Have Issued Invitations for Large Company—Other Society Notes.

Appreciation of fine pictures and some knowledge of their creators is quite as indispensable to culture as familiarity with classic and current literature. Through the efforts of the Janesville Art League during the past few years the people of Janesville have had an opportunity to view and study some of the best specimens from the modern Dutch, English, French, Italian, and American schools. Those who have enjoyed the delightful little strolls away from the workaday world to the gorgeous land of the imaginative and the ideal, as well as others who may be moved to follow along these pleasant paths, will be interested in the announcement that another notable collection of canvases will be placed on exhibition at Library Hall on Wednesday, May 22—next Wednesday.

Prof. Haumerson presided as toastmaster and Miss May Conlon gave the address of welcome at the banquet given by the forty members of Miss Coleman's domestic science class at the high school building last evening. Responses were also made by Supt. Buell and Dr. S. B. Buckmaster. The wonderful triumphs of culinary art unloaded on the festive board, testified eloquently to the proficiency and high attainments of the students who are pursuing this very practical course.

The young ladies of the Christ Church Altar Guild are making preparations to give a series of musical and literary entertainments at the guild hall. The first of these will be given on the night of June 4 and Miss Amy Woodruff, reader, and Miss Bessie Beatrice Burch, vocalist, will take part.

The original supply of tickets for the Golf Club series of six dances is nearly exhausted and the pasted boards may go to a premium, according to Mrs. W. G. Wheeler and Mrs. Frank Blodgett, members of the house committee, who have been calling on the club members today.

Mrs. William B. Conrad, Miss Barker, and Miss Margaret Barker today issued invitations for a large card party to be given at the Barker home, 204 St. Lawrence avenue, on Friday, May 24.

Miss Mary C. Lawrence and twenty friends bade farewell to Mr. and Mrs. Fred Baldinger with a party at their home, 307 Wall street, last evening. The young couple today moved to Beloit, where Mr. Baldinger has secured work.

The Misses Vera and Elisabeth Wilcox will attend a dancing party to be given by the Delta Tau Delta fraternity at Madison Friday evening.

Miss R. H. Jackman is entertaining the members of one of the ladies' whist clubs at luncheon and cards this afternoon.

## OBITUARY.

J. T. Little

The remains of the late J. T. Little arrived here from Chicago today and funeral services were held from the Presbyterian church at two o'clock this afternoon. Rev. R. C. Denison officiating. The pallbearers were from the "Odd Fellows" order, which had in charge the rites at the grave. They were A. R. Deardorff, M. R. Huffman, W. Hudson, N. J. Herron, A. M. Church, A. M. Carrier, and J. L. Harper. The casket was beautifully decorated with a profusion of floral offerings, largely from Chicago. Interment was at Oak Hill.

Mrs. Joseph Bernard  
All that is mortal of the late Mrs. Joseph Bernard was laid at rest in Mount Olivet cemetery today. The funeral was from the home in the town of Harmony at nine o'clock this morning and services were conducted by Rev. J. J. McGinnity at St. Patrick's church at ten. The pallbearers were Joseph, Peter, William, John and Louis Bernard and Jerry Crowley.

## WOODMEN WILL HAVE NO PICNIC SPECIAL

But Plan to Send Drill Team and Expect Large Number of Janesville People Will Go.

Many Janesville members of the Modern Woodmen of America and their friends are planning to attend the annual outing of the Southern Wisconsin and Northern Illinois Picnic association to be held at Rockford June 6. The local camp will send their Foresters' drill team to compete for prizes and lead the Bowmen City delegation in the parade. The team is composed of sixteen members and under the efficient command of Captain Edward Jones promises to make an excellent showing. Special rates have been secured on the railroads but the Janesville Woodmen will not have a special train this year. The expense of hiring a band and sending the drill team has already been met from the proceeds of a special, but such an enterprise this year would probably be a losing venture, both steam roads having good regular service to Rockford and return and the electric line having regular car service from six in the morning till midnight.

## MAXWELL CARS ARE THOROUGHLY TESTED

Staid Up Under a Gruelling Experience on Trip From Chicago to Janesville.

Stoakley Hutchinson, Forrest Gower and Roy Pierson arrived here last evening at 5 o'clock from Chicago with two new Maxwell touring cars after an experience with mud and rain which made the trip anything but pleasant. The party consisting of Mr. and Mrs. Pierson, Mr. and Mrs. Hutchinson, and Mr. and Mrs. Gower, left Chicago Tuesday noon and were 35 miles on the road when they struck a veritable cloudburst of rain. The balance of the trip of 80 miles was made through a sea of mud, the cars plunging through mud up to the hubs a good share of the time, and to make the going more difficult, but one pair of skid chains were at hand for the two machines. The performance of these Maxwells under the most trying conditions was little short of wonderful. The engines, double opposed, 30 horse direct drive, never gave a particle of trouble, even though covered with mud a quarter of an inch thick. The added weight of mud which coated the entire car, seemed to make no difference. At one point in the road a farmer came out with a spade prepared to dig them out, because as he said an 80-horse 4 cylinder car had stuck the day before and he released them with his spade. His help was not necessary, however. A trifle less than 12 gallons of gasoline and one quart of lubricating oil was consumed on the entire trip, showing the economy of operation. Mr. Gower has had much experience with automobiles, but he says his recent experience convinces him of Maxwell excellence.

## ST. PATRICK'S COURT DANCE AND CARD PARTY

At West Side Hall Last Evening Were Attended by Record-breaking Throng.

Members of St. Patrick's Court No. 213 enjoyed a card party and dance at West Side Odd Fellows' hall last evening and a record-breaking throng of guests attended the festivities. At the game of nine Miss Alice Marshall won the first prize; Miss Catherine Gunn, the second; and Miss Laura Marshall, the consolation; Charles Smith, the gentlemen's first prize; John Dougherty, the second; and John Dumagan, the consolation. Roy Carter's orchestra played for the dance program.

The Pet Animal Stage.

"Why don't you get you a cat?" asked her woman friend. "You wouldn't be half so lonely if you had some little live animal like that always around."

"I haven't come to the animal stage yet, thank heaven," she replied. "When men and women lose all hope of human love they go to the animal kingdom, the men to the dogs, some literally and the women to the cats; and they are right, perhaps, since faithfulness is to be found mainly among the animals; but as I say, I haven't quite arrived at that stage of the game yet."

## MUNICIPAL UNACY.

Edited by JOHN KENDRICK BANGS.

The citizens of New London, Mo., recently declared against municipal ownership by a vote of 160 to 2. Thus again do we find the people deprived of their rights by a corporation ridden majority.

We do not credit the report that New York intends to place its most accomplished bunks steers in the pilot houses of the municipal ferry. It is more likely to get its belmsmen from the League of American Wheelmen.

An inquirer wants to know why a professor of Latin and Greek should not become a capable superintendent of a municipal cemetery. We see no good reason why he shouldn't, except that his familiarity with dead languages would be apt to put him on such chatty terms with his tenants that he would neglect his business.

A friend of ours has discovered that this talk about depreciation in street car lines is all tommyrot in so far as the cross-town lines are concerned anyhow. It is a well-known fact, he says, that those lines never run down. They run across. We respectfully submit this argument to their honors the city fathers.

Without wishing to be at all invidious, we would call attention to the interesting acoustic furnished by the Municipal Ownership Bubble, which, strangely enough, signifies the ultimate ownership of public utilities under the municipal ownership idea. Try it and see:

Municipal  
Ownership  
Bubble.

A Detroit alderman wants Detroit to go into the making of bricks. In a recent speech he declared that "we are in the grasp of the brick trust, which we could reduce prices 100 per cent if we could manufacture our own brick." It is a pity the learned gentleman could not have figured out a reduction of 110 per cent, for then Detroit could have made bricks not only for nothing, but could have a premium of 10 per cent as well. The free coinage of bricks would be an interesting economic diversion.

A request for the last annual report of the municipal electric light plant in a Michigan town of less than 2,000 inhabitants elicited from the manager the laconic reply: "About three thousand in the hole last year." The situation can be relieved, however, by the prompt action of the common council in passing an appropriation of \$3,500 for the purpose of the hole on behalf of the park department, thus showing a profit of \$500 on the books of the lighting commission.

The municipal pawnshop of Liege, Belgium, is not as popular as it was expected to be. The hope that being conducted for the people by the people to lend money as the collateral of the people a man could borrow \$500 on \$4.50 worth of jewelry has not been realized.

A French Telephone Experience. The San Francisco Chronicle is responsible for the following item in regard to Nantes, France:

"Some years ago there was a private telephone system which the paternal government took over. After some years' trial the government has just received a petition signed by 10,000 persons, each of whom pays at least \$80 a year for telephone service, requesting that the telephone system be sold to some private company, because under a private company they got far better service, were treated with politeness instead of insolence and had complaints attended to instead of being ignored.

## British Lighting Plants Sold.

By a vote of 41 to 2 the Bath city corporation has decided to sell the municipal lighting plant, which it purchased in 1896. As this had been run at a loss, even without allowing for depreciation, the sale will result in an immediate reduction of local taxes.

The Irish Independent states: "The Bray urban council have decided to offer for sale their electric light works, which have been run at a very heavy loss, while the cost of public lighting was in excess of that of Dublin, although the lamps were only lighted for a third of the time they were in the metropolis."

The Dublin municipal plant, however, was run at a loss last year of over \$20,000, irrespective of depreciation, which would have brought the loss up to \$50,000.

## A Losing Game.

The city council of England, Ark., has passed an ordinance leasing the municipal electric light and water plants for six years. An inquiry as to the cause of this action brought the following reply:

"The reason that the town wanted to lease these was because for it to operate them was a losing game, and it could not afford it."

## The Telephone In Greece.

According to the United States consul at Athens, the telephone service in Greece is restricted, bad and a source of loss to the government. He believes that private enterprise, if well backed financially, could obtain a favorable concession from the Greek parliament on condition it undertook to install and work an efficient system.—Electrical Times.

## Dandelion as a Beautifier.

Superior Telegram: The New York World puts a good word into the dandelion salad as follows: "A good complexion can not be rubbed in from the outside; it must be swallowed. The

best way to get this is not in medicine, but in green vegetables and dandelion salad."

JOSEPH W. BAILEY  
United States Senator Joseph Weldon Bailey of Texas, who is now on a lecturing tour throughout the country, and who was recently investigated by the Texas state legislature in regard to alleged connection with Standard Oil interests, which had been barred out of Texas, was born in Copiah county, Mississippi, on October 6, 1863. Senator Bailey studied law and was admitted to practice in 1882. He at once entered politics and was sent as a presidential elector to the democratic national convention of 1894. The next year Senator Bailey moved to Texas and settled at Gainesville. He went to congress for a decade, from 1891 to 1901, when he was elected to the senate.

## NOT ALL A COMPLIMENT.

Wife's Pride in Husband's Success Had a Tinge of Regret.

The doctor and his wife had lived together four years. She was a widow when he met her. He was a physician of note. Their life together was a happy one and no quibbling had entered the home to set a bad example for their hopeful. But the wife had a reputation as a wit. Her witticisms and little sarcastic remarks were known far and wide. Her friends had all heard of them. They had all felt the sting of them. The physician had been working with a hard case. He had spent day and night at the home of his patient and had won the fight for life. And he was accordingly well satisfied with himself. On his arrival home one evening he turned to his wife, saying: "You see, my dear? I have pulled my patient through. He is now well on the road to recovery." "Yes, hubby, dear," returned the wife. "But you are such a perfect master of your profession. You are so successful. Ah, I wish that I had met you five years sooner than I did. Then my poor, dear Billy would never have died."

## WRANGLE INVOLVES NAME OF PRESIDENT

COUNSEL FOR HAYWOOD DE CLARES HE "BUTTED IN."

## PROGRESS OF THE CASE

Examination of Talesman Discloses Prejudice Against Harry Orchard and Testimony He Will Probably Give.

Boise, Idaho, May 16.—The unexpected uncovering of a vein of prejudice against Harry Orchard and his testimony during the further examination of talesmen in the Steunenberg murder case Wednesday led to the first sharp wrangle between counsel and involved the name of President Roosevelt in an acrimonious discussion.

## Bias Against Orchard Shown.

The day and the incident began with Samuel Wingate, the eleventh talesman, in the hands of the defense for examination in chief. Questioning had proceeded a short distance when it developed that Mr. Wingate was biased against Orchard and unwilling to accept the testimony which it is expected he will give against the prisoner. The defense naturally tried at once to show that Wingate's state of mind on the subject was not such as would warrant his removal from the box, but when the talesman refused to the hands of the state Senator Borah quickly drew from him the flat-footed statement that he could not under any circumstances give credence to Orchard's testimony. Wingate was upon this excused, the defense excepting to the court's ruling, and from thence forward the state was particularly to test all talesmen on the point.

Talesman A. P. Burns, who finally succeeded to Wingate's seat, said under oath that he was not prepared to give the same credence to Orchard that he would extend to other witnesses, but his attitude was not deemed sufficient to warrant his removal. The question recurred at the afternoon session, when Senator Borah put the question to Talesman William McGuffin, who succeeded Talesman Henry to seat No. 6 after the latter had been evicted for implied bias on testimony of R. C. Lovelace—the first witness called—who swore that Henry had told him that Haywood, Moyer and Pettibone would not have been brought here if they had not been mixed up in the case.

## President's Name Mentioned.

Clarence S. Darrow, of the defense, objected to the question, and Senator Borah sharply replied: "After the immense latitude that the defense has taken in regard to McPartland, Taft and Roosevelt, I do not think they would stick on any technicality at this late day."

"We did not ask as to the effect of McPartland's testimony," said Messrs. Darrow and Richardson, together.

"If Roosevelt is to be brought here to testify we might have something more to say," went on Mr. Richardson. "Roosevelt can take care of himself, wherever he is," retorted Borah.

"Well, I don't know about that," said Mr. Darrow.

Judge Wood directed counsel to proceed with the case, but Mr. Darrow, who was standing, took formal exception to the remarks of Mr. Borah.

"I will be glad to eliminate Roosevelt if you will," replied Borah. "He was brought into the case by the defense."

"He came in himself," said Mr. Richardson. "He is 2,000 miles away and he writes letters."

"He was brought in by his own butting in," added Mr. Darrow.

The judge overruled the objection to the question, the talesman saying that he did not have any bias or opinion in the matter, the defense noting an exception, and the incident closed.

## One Man Excused.

The jury box was finally filled with 12 talesmen subjected to examination and temporarily passed by both sides at 3:40 o'clock in the afternoon, and the court announced that it was in order for both sides to exercise peremptory challenges.

After a brief delay the state exercised its right first and excused William Van Orsdale, a grocer, who had occupied seat No. 2 since the opening day of the trial. George F. Maw, a young farmer with some strong opinions as to the acts of certain elements in the labor unions of the country, was then called to the vacant place. The state passed him and he was still in the hands of the defense when adjournment hour reached.

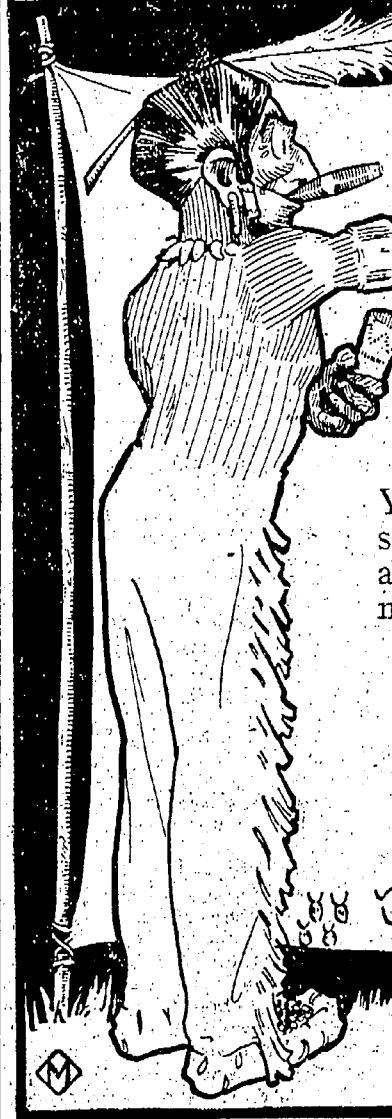

The trial will not be resumed until two o'clock to-day because of the funeral of Judge Nugent, father of John F. Nugent, one of the counsel for the defense.

## To Probe Local Prejudice.

The examination of talesmen by the defense indicated a desire to further investigate the question of general local prejudice. Counsel recalled the trouble in the Coeur d'Alenes 15 and 18 years ago, and made careful inquiry as to its possible effects upon the minds and prejudices of prospective jurors. The rest of their examination covered the wide range of subjects already outlined.

The courtroom failed to fill again Wednesday, and if talesmen, witnesses, lawyers, court attaches and newspapermen had remained away the place would have been absolutely lonesome.

But it Does Though. La Crosse Leader-Press: The Esch and Stephenson supports, combined, constitute a majority of the republi-

can caucus. As each will hold his vote to the end, this means that none except one of them can be elected.

## Drowns in Whisky Vat.

Detroit, Mich., May 16.—William Kenney, an employee of the Walker distillery at Walkerville, Ontario, just across the Detroit river from this city, was drowned in a vat of whisky mash. In some unknown manner Kenney fell into the fermenting vat and his body was discovered there. He had entered the employ of the distillery only last Friday.

## Plot Against Czar Disclosed.

St. Petersburg, May 16.—A terrorist conspiracy directed against the life of Emperor Nicholas, the existence of which has been suspected for some time past, has been revealed by the arrest at Tsarskoye Selo of a soldier of the guard regiment who confessed to the acceptance of a large money bribe to assist in the murder of his majesty.

## To Open Reservation.

Washington, May 16.—Commissioner Ballinger, of the general land office, has designated July 1 next, as the date for the opening of the Chippewa Indian reservation in Minnesota. There are 229,997 acres of the land and they will be opened under the homestead laws.

## Ninety-nine Year Sentence for Youth.

St. Louis, May 16.—On a plea of guilty to a charge of murder in the second degree, John Stapp, 15 years of age, was Wednesday sentenced by Judge Williams in the juvenile branch of the criminal court to 99 years in the penitentiary. Stapp was charged with having stabbed to death Mrs. Ottilie Kraus, wife of a grocer, on May 2.

## Boat Capsizes, Three Drowned.

Amsterdam, N. Y., May 16.—Of five Italians who came to Cranesville, near this city, Wednesday, from Schenectady to seek work on the construction of the barge canal, three were drowned by the capsizing of a boat in which they were rowing across the Mohawk river. Two of the men clung to the upturned boat until they were rescued.

## River Out of Banks.

Ashland, Wis., May 16.—Bad river, which runs through the Chippewa river basin, south of Ashland, has overflowed its banks and is the highest in years. The village of Oshkosh is flooded and one-third of the inhabitants have been forced from their homes. Many of them were taken out in canoes.

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Jansville people. Mrs. R. M. Wilson, of 202 Mineral Point Ave., Jansville, Wis., says:

"I had been suffering with my back for a number of years. I had constant pain in the loins and I felt so generally weak and run-down that I often felt that I could not keep up. I used liniments and other remedies that did not help me, and finally, seeing Doan's Kidney Pills highly recommended in our papers, I sent to the People's Drug Co., and got a box and began using them. A few doses were sufficient to rid me of the pain and I continued taking the remedy until entirely cured. My son found the same satisfaction in using them for bladder trouble as he has been entirely free from it since using Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## THE NEWS—CONDENSED.

The Boston & Maine repair shop round house and seven locomotives were burned at Woodsville, N. H., causing a loss estimated at \$80,000.

The American Baptist Missionary union met at Washington in its thirty-third annual session, and the Women's Baptist Foreign Missionary societies also began work.

Thomas Robb, secretary of the Shipping federation at Montreal, Ont., has applied to the labor department for the appointment of a conciliation board to settle the longshoremen's strike.

Two men are dead and another seriously hurt as the result of an explosion of a soda tank in the Maverhill, Mass. The works were practically demolished.

North bound Portland passenger train No. 12 on the Southern Pacific was run into by two engines at Coplay, Cal. Brakeman William Jones of Sacramento was instantly killed and the engines were wrecked.

With an attendance of nearly 2,000 members, the eleventh annual convention of the National Cotton Manufacturers' association opened at Philadelphia. President Arthur M. Lowe declared the labor shortage in the south was so great that cotton mill building was at a standstill.

## Grants Demands of Strikers.

San Francisco, May 16.—The Geary street road has granted the demand of the striking carmen, and will resume operations on a basis of three dollars for an eight-hour day. The board of supervisors notified the officials of this line Monday that unless the company started its cars the city would take over the road and operate it. Wednesday was comparatively a quiet one in the street railway strike. The United railroads had 126 cars in operation and but few minor acts of violence were reported.

## Tragedy in St. Louis.

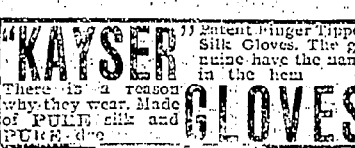

St. Louis, May 16.—Nelson Haynes, colored, early Thursday morning shot his wife and Henry Adams, also colored, in his home on Pine street and then turned the revolver on himself. Haynes and Adams are both dead. Physicians say the woman cannot live. Adams had been employed to care for Haynes, who, the police say, has been temporarily insane for several days. The police say there was no cause, other than Haynes' mental condition for the shooting.

## Another Quake in Mexico.

Chilpancingo, Mex., May 16.—The worst earthquake of the Sierras that has visited this region since the disastrous disturbances of April 14, was felt here Wednesday and had a duration longer than any previous shock not excepting the first. A few houses caved in, but there were no casualties, owing to the fact that the great majority of the people have refused to enter a house since the first quake.

## Declines to Abolish Drumheads.

St. Petersburg, May 16.—The council of the empire, or upper house of parliament, Wednesday rejected the bill which was passed April 30 by the lower house abolishing trials by drum-head courts-martial.

And No Sooper. Universal peace will come as soon as everybody stops fighting.—Philadelphia Inquirer.

Bob's Clan? Never. Eau Claire Leader: The Clan McGregor seems to have broken loose in the senatorial enclosure. The new move comes apparently on the order of Senator La Follette that he wants none of Congressman Esch, and the legislators and newspaper men are puzzled. Speaker Ekers, whose second choice was supposed to be Esch headed the McGregor movement.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

And then the ears of the "dallying" folks will tingle with "I told you so's." What's the use of grumbling about the cold weather—turn it to advantage in getting ready (while it's cool) for the sweltering days just around the corner. Remember those days in March 86 degrees. In June and July it will be 96 degrees; perhaps in May—the weather man is too grumpy to give us an exact "tip." But it will be hot and EVERY MAY-DAY WE'LL GIVE YOU HOT BARGAINS just because it's cool and we want the cash.

### A Dog Worth Knowing.

Two years ago a boy 14 years old named Edward Sweeney, living at Opelika, Ala., was followed home by a small dog. The animal was bolted and quivered and by no means good looking, and the boy was laughed at for having him around. Within a week, however, the dog brought home a five-dollar bill in his mouth. The next week he brought a silver dollar. Then he brought a pocket knife, and followed that with a dollar bill. There has hardly been a week in these two years that the dog has not found something. He makes it his business to hunt the streets and highways, and often travels a distance of 30 miles. Up to the present date he has found and brought home \$38 in cash, besides many useful things.

### Ideal Golfer.

The really good golfer, indeed, is not so much the product of exceptional skill as of a finely blended nature, which always hugs the sunny side of the wall, married to a relatively high proportion of golfing science. —Country Life.

### Honest Man's Excuse.

"Yes," said the honest dealer, heading up the barrel of apples he had just packed, "there's always room at the top. That's why I generally put the biggest ones in the top row."

### DIDN'T THINK HELP NEEDED.

Simple if fisherman Had Heard of the Wonders of Science.

H. G. Wells, the novelist, spoke at a Boston club about the wonders of modern invention. "So thick and fast," he said, "these new inventions come, life grows rather confusing for plain and simple folk. There was an old fisherman rowing in his boat one day when an automobile canoe sprang a leak near him and immediately sank. To the indignation of the canoe's occupants, the old man paid no heed to them, but rowed calmly on his way, puffing an old clay pipe. However, the wrecked canoeists managed to swim to him, and as they clambered into his boat one spluttered angrily: 'Confound you, why didn't you lend us a hand? Didn't you see we were sinking?' The old man took his pipe out of his mouth and stared at them in astonishment. 'Blest if I didn't think ye wuz one of them new-fangled submarines,' he said."

### Johnnie's Little Mistake.

Johnnie was anxious to take part in the public monthly exercises of his Sunday school, so his mother searched out a short verse, which was, "I am the bread of life." When Johnnie's turn came he created something of a sensation by calling out promptly and shrilly, "I am a loaf of bread."

### CLEVER TRICK OF THIEVES.

Use Offensive Odor of Onions to Aid in Shoplifting.

"Incredible as it may seem," said Lecoe, the detective, "there are a number of shoplifters who steal by the agency of the onion. These abandoned men, before setting out upon their contemplated crimes, eat of raw onions abundantly. Then they stroll into the silversmith's or the haberdasher's or the jeweler's that they propose to rob. 'Show me those large solitaires surrounded with pigeon-blood rubies, please,' says the jeweler thief. The clerk brings forth the tray of gems and, bending over it, the thief sighs with admiration. His face close to the clerk's, he sighs again. And the clerk's nostrils quiver and he turns away his head. The inspection of diamonds continues for some minutes. Throughout it the thief keeps breathing hard, the clerk keeps turning his head away and hence it is no wonder at the day's end that a couple of costly rings are missing."
